MINISTRY OF MINES AND ENERGY PUBLIC NOTICE

30 May 2018

LICENCES, RIGHTS AND PERMITS APPLICATION GUIDELINES AND ASSESSMENT PROCEDURES

The Ministry of Mines and Energy hereby announces the launch of the licences, rights and permits application guidelines and assessment procedures document. The document is an initiative of the Ministry of Mines and Energy, aimed at explaining the types of licences, permits administered and issued by the Ministry and the application and evaluation processes followed by the Ministry in granting licences.

The expected outcome of this document is to give potential investors, project proponent and interested parties a quick overview and understanding of how licensing of mining and energy permit activities is undertaken by the Ministry in the context of the relevant legislation framework. The Ministry therefore inform the public that the overview of the licences, rights and permits application guidelines and assessment procedures document can be downloaded from the official MME website: www.mme.gov.na

Member of the public who have further questions pertaining to the document are advised to contact the Ministry of Mines and Energy Head Office at **0612848111** or Email: info@mme.gov.na
